The Immigrant Welcome Center empowers immigrants by connecting them to the people, places, and resources that enable them to build successful lives and enrich our community.

- We increase community awareness of the positive economic, social and cultural contributions to our community and the importance and value of a multi-cultural community.
- We serve as a catalyst to enable neighborhood and community partners to connect with immigrants in positive and meaningful ways.
- We recruit and train members of the immigrant community to help one another navigate the complexities of a new community through our Natural Helpers Program. These 110 volunteers come from more than 40 countries and speak 60 languages
